

2016—2020 Statewide Transportation Improvement Program

This is your opportunity to comment on Montana's transportation projects

The draft 2016—2020 Statewide Transportation Improvement Program (STIP) is now available for public comment. The STIP is the list of projects planned for Montana for the next five federal fiscal years. It includes aeronautic, railway, highway, public transportation, and Federal Lands Highway Program projects.

Each year MDT receives many helpful comments and innovative ideas from the public on transportation-related issues. These comments are considered in the Department's decision-making processes. MDT encourages comments on this list or anytime throughout the year as various transportation issues arise, but comments must be received by April 24, 2016, to be considered in the final STIP document.

The list in this issue of *Newsline* includes projects that will be awarded during the time frame of this STIP. Projects exceeding more than \$100,000 are shown on the map insert.

View MDT's entire proposed transportation program at www.mdt.mt.gov/pubinvolve/active_projects.shtml, or request a hard copy by writing to the MDT Project Analysis Manager or by calling one of the numbers listed on the back page. Copies are also available at Montana public libraries.

East Belgrade Interchange

2016 MDT Disparity Study and DBE Goal Setting

A series of public hearings will be held to present MDT's proposed annual Disadvantaged Business Enterprises (DBE) goal for contracts using Federal Highway Administration (FHWA) funds, the Disparity Study supporting the proposed goal, and to provide an opportunity for public comments and verbal testimony. MDT is recommending a DBE goal of 6.14%, to be achieved through race-neutral means.

For more information on the public hearings or to view documents related to the 2016 MDT Disparity Study and proposed goal and methodology visit www.mdt.mt.gov/disparitystudy/involvement.shtml, under the Public Hearing Section.

The comment period will close on April 8, 2016. All comments will be reviewed before setting the final DBE goal.

Commenting on Other Projects

Throughout the year, MDT submits additional projects as amendments to the STIP for Transportation Commission approval. To view the list of highway projects MDT plans to present at the next Transportation Commission meeting, go to www.mdt.mt.gov/pubinvolve/docs/trans_comm/proposed_proj.pdf.

If you prefer to receive the list by mail, call MDT toll-free at 1-800-714-7296 or TTY at 1-406-444-7696.

Comments may also be mailed to the following address or e-mailed to mdtnewprojects@mt.gov.

TranPlanMT Update

Get ready to help shape the policy direction for operating, preserving, and improving Montana's transportation system. Launching in April, MDT will begin the process of updating the state's long-range multimodal transportation plan, TranPlanMT.

This is an opportunity to weigh in on emerging trends and changes that will affect our residents, economy, safety, and environment. It is also a time to openly discuss the future related to limited funding and mounting transportation needs.

TranPlanMT sets a framework for MDT decisions related to:

- Economic vitality
- Safety and security of the transportation system for motorized and nonmotorized users
- Accessibility and mobility of people and freight
- The environment, energy conservation, and quality of life
- Integration and connectivity across and between modes for people and freight
- System management and operation
- Preservation, resiliency, and reliability of the transportation system
- Stormwater impacts
- Travel and tourism

This plan is driven by public input to determine priorities and identify emerging trends and issues. Watch MDT's website, Facebook page, and your e-mail box for more information on how to share your knowledge and opinions on Montana's transportation future.
